DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: claims 30-43 have been found to be allowable since the prior art of record either alone or in combination, neither discloses nor makes obvious the combination of a refractive projection objective comprising two group lens of negative refractive power having specific structures and arrangement with at least two constrictions (waists), and satisfying conditions, as recited in the instant claims.

Claims 28-29, 44-59 have been found to be allowable because a projection exposure system and corresponding method, comprising among other features, a plurality of lenses defining an object plane and an image plane wherein at least two of the lenses have respective mutually adjacent lens surfaces being aspheric to define a double asphere, and satisfying specific conditions, as recited in the above claims, are neither disclosed in any of the prior art of record, nor obvious to a person skilled in the art .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
